OHIO REPUBLICANS RALLY TO SAVE PARTY IN STATE

Senator Borah to Address February Meeting at Akron

Washington, Dec. 8.—(By A. P.)—Plans for a Republican meeting at Akron in February "for the purpose of aiding and encouraging the Republican Party in Ohio to get back to first principles" were announced here today by Representative Knight, of Ohio. Fifty or twenty "Progressive" Representatives, Mr. Knight said, will be invited to hear an address by Senator Borah on the necessity of redefining the Republican Party to the service of the people.

"The meeting," said Mr. Knight, "will be for the purpose of launching, adding or encouraging any third party movement in Ohio, or to encourage the candidacy of any man for the presidency."

It was declared it was perfectly apparent "that Ohio is going to fall into the lap of the Democratic Party in 1924 unless the Republicans do something."

EUROPEAN WHEAT BUYERS NEED 640,000,000 BUSHEL

Firms Delay Purchases to Wait for Argentine Markets

Washington, Dec. 8.—(By A. P.)—Requirements for wheat during the current year will aggregate about 640,000,000 bushels, according to cable advices today to the Department of Commerce.

European states will supply about 3 per cent of the needs of the continent, it was stated. Before the war they supplied about 40 per cent of the requirements.

European buyers, according to the statement, despite the heavy requirements, with the expectation of a decline in the Argentine markets, Italy has decided to continue the suspension of the import duties on wheat for an indefinite period because of the shortage of supplies in Europe.

The department was advised that dissatisfaction among the European farmers was becoming more and more general owing to the widespread agricultural depression which has brought two successive unfavorable seasons.

Western Collieries in Hazleton District Closed Because of Celebration

Hazleton, Pa., Dec. 8.—(By A. P.)—Fourteen of the thirty-seven anthracite coal mines of the Hazleton and Hazleton Division of the Lehigh Valley Railroad were idle today owing to the observance of the Feast of the Immaculate Conception in Catholic churches. The collieries that were working are short-handed and it was estimated by officials that production will be reduced about 300 cars, or approximately 40,000 tons, the normal output is 80 cars or 40,000 tons.

GUILTY OF NARCOTIC SALE
